

COVID-19, we keep our high quality and have implemented restrictions and guidelines

COVID-19 seems to be here for a period of time. That is why we in Swagelok take our precautions to protect each other, our associates, distributors and customers. In this way we can continue to meet both physical and virtual with our customers to proceed the good service and high quality.

- We wash our hands often with soap and water and we use sanitizers. Especially when being in public places and always before entering at customers.
- We avoid close contact, this includes handshake and similar physical contact.
- We cough or sneeze into our sleeves – not in our hands.
- We clean and disinfect touched surfaces more frequently.
- We stay home if we are sick or have symptoms.

We expect our customers and other associates to do the same. This way we can all go safely to work.
